Four Panel Entertainment Cabinet

The Four Panel Media Cabinet, though crafted in the 18th century high country style, is suitable for today's modern technology. The interior dimensions support a sizable flat screen TV, along with accompanying cable box, DVR, DVD player, gaming console and more.

The four panel double-hinge doors fold back to look just as beautiful opened as they do closed. The Four Panel Media Cabinet is available as a stand alone piece, or with additional bookcases for a larger space.

Tiger Maple.. \$5,995
Cherry \$5,795
